 Stainless Refrigerator

This bright and elegant 1.5 story home still has that new home scent! The first thing you will notice when you walk in are the beautiful double doors that lead into the large den. To the right is a great dining room and the large open stairs. Next there is a 2 story great room with a gas fireplace and a wall of windows.

The kitchen is absolutely amazing with gleaming wood floors and cabinets as well as granite countertops. The windows in the sun room and french doors out to the deck add to the brightness of the home. The large master bedroom boasts a spectacular master bathroom with double sinks, whirlpool tub and separate shower!

All of this plus 3 bedrooms, each with its own full bath, on the upper level. The huge walk-out lower level is ready to be finished to add to the already grand living space. All of this plus the location makes this a perfect choice for your next home.
